PROPOSED DRAWING REVISIONS

ASSISTANT COMMISSIONER FOR PATENTS
WASHINGTON, D.C. 20231

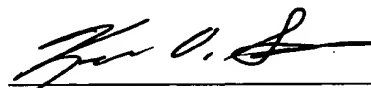

SIR:

Applicants hereby submit proposed drawing revisions for Figs. 3, 4C, 5A, 5B, 8, 13A and 19A with modifications identified in "red." Specifically: (1) Figs 5A, 13A and 19A have been revised to label the permeability graph "P" as described in the specification; (2) Figs. 3, 4C and 5B have been labeled to conform to Fig. 1 and the description in the specification, more clearly showing that the pixel electrode 30 overlaps the data line 20 on one side, rather than two; and (3) Fig. 8 has been corrected to remove the unspecified region 400. No new matter has been added.

Accordingly, approval of Applicants' proposed drawings revisions is respectfully requested.

Respectfully submitted,
LONG ALDRIDGE & NORMAN LLP
